

## RECOMMENDATION FRAMEWORK

A few helpful tips to consider when drafting recommendations: Consider what other service areas or agencies will be impacted by your recommendation. ☐ Focus your recommendation on the people served and services needed - For example, recommend funding for services needed by Seattle residents, rather than funding for specific agencies. ☐ Analyze the Racial Equity and Social Justice impact of your recommendation. You can use the City of Seattle Race and Social Justice Tool Kit or another lens you find effective. ☐ Best results overall are achieved by not prioritizing one service over another. Stick to extolling the benefits of your recommendation rather than saying one recommendation is better than another or one type of service is more important than another. What is most important to any family is what they need, when they need it. ☐ Your recommendation are best received if you can describe how it is either a best practice, innovative, or "humancentered" and cite the source. TITLE OF ACTION: **BACKGROUND INFORMATION:**  Start by describing how this recommended action is one of the building blocks needed to build well-being and/or address historical inequities and/or dismantle systemic disparities, etc. to move targeted demographic toward the vision of a just and thriving community.

SUMMARY OF THE ISSUE/PROBLEM BEING ADDRESSED	
Description of need your recommendation will address	
Data shows	
What will happen if this need is not met	
what will happen if this need is not meen.	
SOLUTION / SDECIEIC DECOMMENDED ACTION .
